

Baltimore City's Street Tree Request Form

The Forestry Division is pleased to plant street trees *on the street right-of-way* at the request or approval of property owners. Trees must be planted in locations that promote tree vigor, minimize safety hazards and reduce conflicts with sidewalks. Also, trees must be watered regularly.

Applicants are encouraged to view information about street trees on BCRP's Web site: www.baltimorecity.gov/recnparks (click on the Forestry Division link).

1. Tree plantings in an existing planting location:

- ✓ The applicant must submit a dated and signed Tree Request and Agreement for Tree Care form (pgs. 2-3 below) and mail/fax the request to the Forestry Division.
- ✓ An inspector will visit the site and determine the location of the tree.
- ✓ After site approval, the applicant's tree will be placed on the planting order for the next planting season.

2. Tree plantings where there is currently a concrete sidewalk without a tree pit:

- ✓ The applicant must submit a dated and signed Tree Request and Agreement for Tree Care form to the Forestry Division.
- ✓ After receiving the agreement, an inspector will visit the site to approve the location.
- ✓ If the site is approved, an inspector will designate the location and dimensions of the proposed tree pit with orange paint,
- ✓ After the site is approved, it's the responsibility of the property owner to contract and pay for the creation of new tree pits in existing sidewalks.

According to best practices as well as Maryland State law, the applicant must contact Miss Utility (1-800-257-7777) to identify and mark any potential conflicts with underground utilities.

If there are no utility conflicts, the property owner must:

- ✓ Cut the pit, and remove and discard all loose concrete and waste material;
- ✓ Backfill with topsoil and soil amendments, level to the surrounding ground;
- ✓ Inform the Forestry Division (410) 396- 6109 that work has been completed.

Note: The site will be placed on the planting order for the next season, only after the tree pit is prepared and ready for planting.

BE PATIENT!

Trees are living things. Coordinating the inspection, ordering, and planting of your tree to ensure its health takes time and is influenced by the seasons. With the proper planting and care, you will enjoy your tree for many years to come! Depending on when the request is received and the schedule for ordering and planting, your tree may be planted anywhere from four to ten months from the time of your initial request.

TREE REQUEST BY E-MAIL

Applicants are encouraged to e-mail the Tree Planting Coordinator at: michael.morris@baltimorecity.gov. After making a request by e-mail, Mike will begin to process the request, with the understanding that the applicant will send a copy of the Tree Request and Agreement for Tree Care by mail, fax, or if possible, an electronic copy by e-mail.
